

THE ART OF AMBIANCE

Premium Water Vapor Fireplaces

# Rad-Flame

Designed and crafted in California

Redefining the modern hearth with uncompromised elegance.

Experience the mesmerizing allure of a real fire,

pure ambiance, zero emissions.

# UNCOMPROMISING ENGINEERING

## CALIFORNIA CRAFTED

Designed and manufactured in California.

## EFFORTLESS SETUP

Utilizes regular tap water or purified water and a standard 110V outlet.

## ZERO HEAT & CONDENSATION

Safe to the touch and perfectly suited for year-round ambiance without affecting your room's climate or artwork.

## VERSATILE WATER SUPPLY

Convenient auto-fill capabilities alongside straightforward manual filling options.

## SEAMLESS CUSTOMIZATION

Available in expansive lengths up to 130" (Fireplaces) and 122" (Burners). Engineered with a single, unified burner to eliminate visual breaks in the flame and increase reliability.

## UNRIVALED REALISM

Powered by industrial-grade LEDs for a true-to-life flame. Tailor your atmosphere with over 50 vibrant hues, including a dimmable natural orange.

## INTEGRATED AIR INTAKE

Engineered for straightforward installation and flawless architectural integration.

## ENHANCED FLAME STABILITY

Includes a windshield to optimize the flame's appearance and steady flow.

## PREMIUM MATERIALS

Crafted entirely from premium, 100% recyclable 304 stainless steel and powder coated steel.

## SMART INTEGRATION

Fully compatible with home automation systems and includes an intuitive remote control.

## INTELLIGENT UPKEEP

Innovatively designed for minimal maintenance. All internal components are top-accessible, allowing for simple servicing without disturbing your wall enclosure.

# THE MAGIC OF WATER TRANSFORMING INTO FLAME...

VISIONARY DESIGN | UNCOMPROMISED SAFETY | CONSCIOUS LUXURY

## THE ELEMENT OF FIRE, UNBOUND

Experience the timeless allure of a fireplace without the limitations of traditional fire. By illuminating ultra-fine water vapor, we create a mesmerizing flame effect that is completely safe to the touch. Enjoy the captivating beauty of dancing flames wherever your imagination allows.

**QUICK AND EASY TO INSTALL** • Requires zero clearance • No chimney or venting necessary  
• Effortless integration into any space • Convenient auto-fill or reservoir

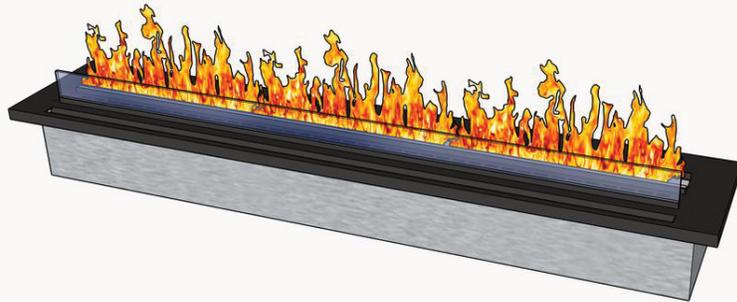

**CONSCIOUS LUXURY** • Zero harmful emissions • Sustainably operates on pure water • Crafted from 100% recyclable stainless steel

**BESPOKE ATMOSPHERE** • Precision-adjustable flame heights • Curate your mood with over 50 vibrant hues • Seamless remote and smarthome integration

## THE BURNER COLLECTION

---

The pure, unadulterated heart of the Rad-Flame experience. Our precision-engineered burners harness the elements to create a captivating focal point anywhere in your home. Designed for seamless integration, they connect effortlessly to your home's water supply for continuous, uninterrupted ambiance, or offer up to 30 hours of mesmerizing flame via an intuitive, single touch manual fill.

# THE BURNER COLLECTION

## BESPOKE APPLICATIONS

The standalone burner is the ultimate tool for visionary designers, architects, and homeowners. It offers absolute architectural freedom, allowing you to craft a completely custom, limitless hearth experience tailored to your exact aesthetic and spatial desires.
